Alere (Cholestech) LDX PLACEMENT AGREEMENT

WILBURN MEDICAL USA is pleased to present our Alere (Cholestech) LDX Placement Program. This program provides qualified facilities with state of the art Alere (Cholestech) LDX device without the capital expenditure.

Wilburn Medical USA will:

1. Provide the Alere (Cholestech) LDX System at no cost to the practice.
2. Provide all maintenance and cover repair costs to the equipment as required, including software upgrades.
3. Provide replacement/loaner systems when required to eliminate downtime.
4. Provide same day shipment of supplies when ordered by 3:00pm.
5. Provide training of staff on use of the equipment.
6. Provide ongoing reimbursement consultation.

Facility will:

1. Agree to accept automatic monthly shipment of test cassettes (reagents) from Wilburn Medical USA in accordance with volume commitment listed below.
2. Agree to purchase the Alere (Cholestech) LDX System at fair market value or return the device to Wilburn Medical USA if the average monthly purchases of reagent kits fall below the commitment.
3. Agree to remain current with Wilburn Medical USA.
4. The Alere (Cholestech) LDX System remains the property of Wilburn Medical USA.

Term:

1. Either party may cancel this agreement with 30 days written notice.

Volume Commitment: (per month)

- 5 Boxes (50 tests) Lipid/Glucose cassettes (10-991) \$107.46 per box
- 5 Boxes (50 tests) Lipid cassettes (10-989) \$97.92 per box
- 8 Boxes (80 tests) Total Cholesterol/HDL/Glucose cassettes (10-990) \$83.61 per box
- 12 Boxes (120 tests) Total Cholesterol/Glucose cassettes (10-988) \$37.71 per box
