Testimonials:

"We have successfully incorporated two of your AITECS 12S Pro infusion pumps into our busy nuclear cardiology lab and are extremely satisfied with their functioning. They have been no problem to us - comparison being made to Graseby or Medfusion pumps. They have become very easy to become accustomed to."

- Scott Feury, RT, CNMT

This letter is to let you know how much I appreciate the excellent customer service and support Wilburn Medical provides my department. As you know, Carolinas HealthCare System is a very large hospital system that uses numerous products that you offer. I feel Wilburn Medical has always provided me with competitive pricing and great customer service. When I get busy with corporate wellness screenings, I know you and your team at Wilburn Medical will provide me with the service I need in a timely manner.

I am pleased to be able to write this letter of reference to demonstrate that Wilburn Medical is not just another vendor; but a business partner of Carolinas HealthCare System.
